EVENTS

Team-Building & Social Events

These events are all about connection, fun, and building team spirit off the court. While optional, participation is encouraged to foster a strong, supportive team culture that carries over into practices and games.

Shootaround (Optional Practice)

An open gym-style session where players can work on their individual skills in a relaxed, low-pressure environment. Attendance is optional, but it's a great opportunity for kids to get extra shots up, practice ball-handling, and build confidence at their own pace. A coach or assistant coach will be present for supervision and light guidance, while players lead their own development and have fun on the court.

Team Practice

Structured and focused, team practices are where we come together to build skills, grow as a team, and prepare for game play. Each session includes drills that develop fundamentals like shooting, passing, dribbling, defense, and team strategies. Players are expected to give their best effort, support one another, and stay engaged as we work toward our shared goals. Attendance is important to help the team grow stronger and more connected each week.

Game Day

Game day is where all our hard work comes together! Players are expected to arrive on time, dressed and ready to compete, support their teammates, and bring their best effort to the court. It's a chance to put our skills into action, learn through experience, and most importantly—have fun. Win or lose, we focus on teamwork, sportsmanship, and growth every time we step on the floor.
